International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...

Anarchy (International Relations) In this article, we shall discuss the topic of anarchy in international relations. We will define anarchy, as well as examine how different international relations theories such as realism, liberalism, and constructivism, as well as power transition theory view notions of anarchy.

Anarchy (International Relations)

Critical international relations theory is a diverse set of schools of thought in international relations (IR) that have criticized the theoretical, meta-theoretical and/or political status quo, both in IR theory and in international politics more broadly – from positivist as well as postpositivist positions. Positivist critiques include Marxist and neo-Marxist approaches and certain ...
