

production automation and cim pdf

Easily create your production routings that specify the steps that are used to manufacture your product in minutes. A simple straightforward Excel route builder creates new production process routings in minutes.

Unisoft - Manufacturing Execution System MES product and

Overview. Computer-integrated manufacturing is used in automotive, aviation, space, and ship building industries. The term "computer-integrated manufacturing" is both a method of manufacturing and the name of a computer-automated system in which individual engineering, production, marketing, and support functions of a manufacturing enterprise are organized.
