The history of animation started long before the development of cinematography. Humans have probably attempted to depict motion as far back as the paleolithic period. Shadow play and the magic lantern offered popular shows with projected images on a screen, moving as the result of manipulation by hand and/or some minor mechanics. In 1833 the phenakistoscope introduced the stroboscopic principle ...

We should always look for opportunities to grow and improve. Retrospectives and reflections allow you to codify what youâ€™ve learned from experience, to document mistakes and avoid future ones, and to increase your potential to grow in the future. Agile methodologies typically include time for retrospectives throughout a project.
